datumcp.com

Google Cardboard

Mid-range VR

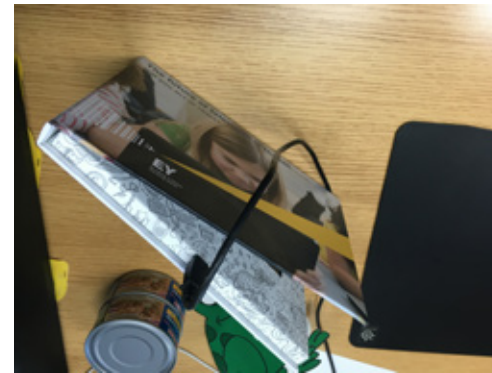

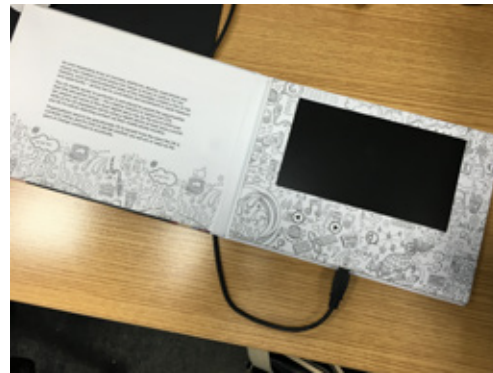

We can also offer mid-range VR solutions which can be fully branded and are more comfortable to wear.

Google Cardboard

A slightly different design for Google Cardboard also available.

Video Book

Video books are available. Screen sizes available are 2.4" to 10". Buttons can be programmed and added so you can have multiple videos and slideshows. Video's can be uploaded by simply adding the USB cable which also charges the battery.

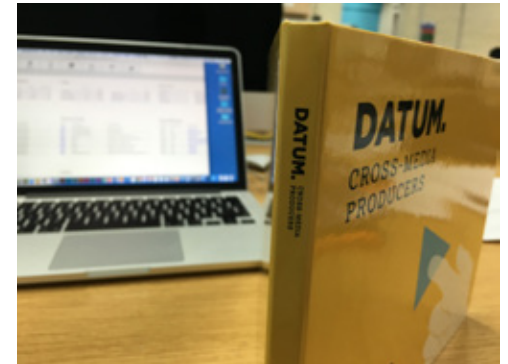

Video Book

Examples of other video book brochures (not produced at Datum), but we can supply

Video Book

Video incorporated into POS

Previous POS campaign produced at Datum incorporating a video (screens can now be supplied at a larger size)

Video example on following link (expires 27th Sept)
<https://we.tl/cqmHIELHx2>

Video incorporated into POS

Examples of other POS campaigns with video integrated. These were not produced at Datum, but we can produce.
