Quality Policy

It is the policy of Datum Creative Media Limited to provide products and services that consistently meet our own standards and our customers' needs.

To achieve this consistently and efficiently, we operate a quality management system that meets the requirements of BS EN ISO 9001.

It is our policy to ensure:

- compliance with relevant statutory and regulatory requirements;
- our staff understand our customers' requirements and are trained for the tasks they do;
- continual improvement in our products and services and in the effectiveness of our quality management system.

We set and regularly review quality objectives and targets to achieve these aims.

The success and security of Datum, and of everyone associated with it, depend on our ability to provide products and services that meet our customers' requirements. We believe that maintaining the highest standard of quality is the responsibility of every member of staff.

Signed by Mark Gamble and Scott Pearce, Managing Partners, October 2026.
